New England Systems Day (NESD) 2025 Call for Talks

The New England Systems Day is a day-long, in-person event that brings together faculty, students, and practitioners engaged in computer systems research.

- **Event date:** February 3 (Monday), 2025

- **Location:** McLeod Suites, Curry Student Center, Northeastern University

- **Website:** https://khoury-srg.github.io/nesd25/

We solicit talks about ongoing research in the area of computer systems. We are broadly interested in topics in this space, including, but not limited to:

operating systems, file and storage systems, distributed systems, cloud computing, mobile systems, reliable systems, network systems, system security, machine learning systems, big data systems, embedded systems, system virtualization, and management and troubleshooting of complex systems.

Submissions: To present your work at NESD 2025, please submit the following information to **https://ne-sysday25.hotcrp.com/**.

- 1-page abstract

    - Title, abstract, and references, if any, must fit into 1 page.

    - There is no required format but use reasonable font sizes and margins.

- Talk length (you may be asked to present a shorter talk than what you select)

    - 15-minute talk/5-minute Q&A

    - 10-minute talk/5-minute Q&A,

    - 5-minute talk/no Q&A (or Q&A during break)

- (Optional) Pointers to papers (if published), tech reports, or any relevant public materials.

Due date: January 20 (Monday), 2025

Contact: Please email any questions to Cheng Tan <c.tan@northeastern.edu> and Ji-Yong Shin <j.shin@northeastern.edu>.
